

SAMPLE PUZZLES

What are Puzzlesnacks?

Nearly every newspaper and many, many websites feature crossword puzzles. And I love them! But “across” and “down” are not the only way to weave words together. There are dozens upon dozens of variety puzzles that perform all kinds of magic tricks with words...but when these puzzles do pop up somewhere (rarely), they are often aimed at advanced solvers and take a long time to solve.

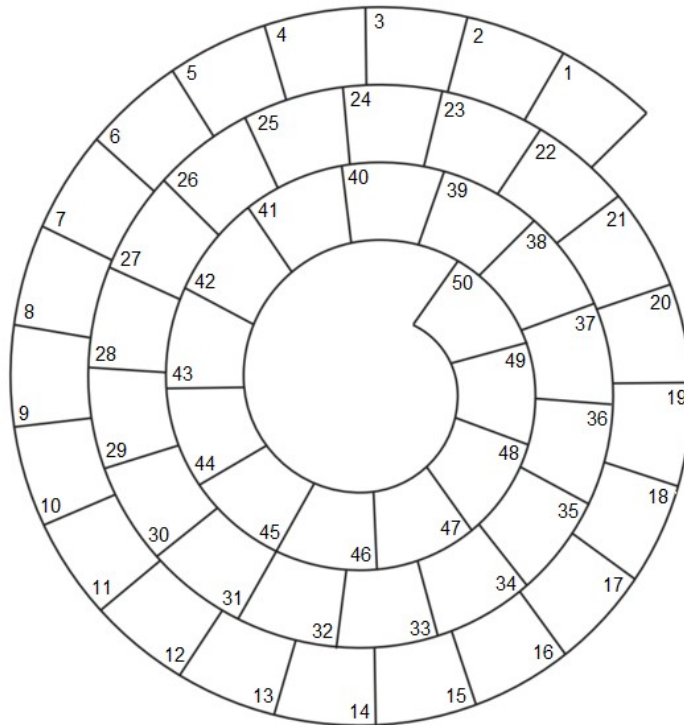

Puzzlesnacks aims to fix that. My shop features many collections of “snack-sized” variety puzzles. What do I mean by snack-sized? Well, a typical daily crossword contains roughly 78 answers. A Puzzlesnacks puzzle will contain somewhere between 16 and 35 answers. Most people will know most of the vocabulary I use. But you might have to bend your brain in interesting new ways to fit all those answers in the grid.

You’ll also find in my shop an assortment of mini “puzzle hunts,” as well as puzzles aimed specifically at kids.

Puzzlesnacks are quick, they’re fun, and they provide just enough challenge for a few minutes of entertainment. Try these sample puzzles and see if you agree!
